### **Dear Parents,**

Since 1970, Resurrection Preschool has offered the highest quality early childhood program in a warm, nurturing environment. Our philosophy is simple: as educators, we help each child gain a positive self-concept, a sense of competency, and a love of learning. Our classroom activities focus on the "whole child," including each child's social, language, cognitive, emotional, and physical development. We also place emphasis on balancing child-selected with teacher-directed activities.

Our program is licensed by the Department of Children and Family Services and the City of Chicago.

I invite you to discover how Resurrection Preschool could provide a healthy and engaging learning environment for your child. To arrange a tour of our classroom, please call me at (773) 525-0605. All of our staff, children, and families will be happy to share more about the Resurrection experience with you and your child.

Cordially,

Debbie Mytych, *Director*

## **Parent Participation**

Parents are required to participate in fundraising in order to offset the cost of tuition. Parents are also encouraged to be involved with classroom events, field trips and other preschool activities.

## **Our Staff**

Our staff is highly trained with at least one teacher having a Master's degree in Education. Our staff knows the importance of life-long learning and attends in-service workshops, education conferences and early childhood classes. We are enthusiastic learners, exploring new theories and practices in early childhood development.
